## **Intrabony Defects and Furcations**

*Advanced  
Training Workshop*

# Periodontal Regeneration

May 18 – 20, 2017

The **Advanced Training Workshop on Periodontal Regeneration** is an interactive course, powered by focused hands-on training, video demonstrations and 3D live surgery. It aims at clinicians wishing to upgrade their skills in the

application of **periodontal regenerative surgery in intrabony and furcation defects**. The course consists of an integrated approach designed to build and extend the skills of the practicing periodontist in the area of contemporary periodontal regenerative surgery, microsurgery and minimally invasive surgery. The material will be covered with lectures, practical exercises on simulators, case discussions, treatment planning exercises and 3D live video demonstrations.

This intensive 3 days course focuses on 3 main objectives:

1. the acquisition of state of the art knowledge and competence
2. the acquisition of the practical skills and
3. the ability to apply them on the solution of practical clinical cases.

Day 1

9:00-13:00 - lunch - 14:30-18:30

# Periodontal Regeneration

Thursday, May 18

**Acquisition of state of the art competence**  
**Infrabony defects**  
*Theory with video demonstrations and discussion*

1. Cause-related therapy and soft-tissue preservation, recipe for a good start 2. Importance, assessment and management of patient and defect factors 3. Clinical objectives, indications, limits and prognosis of periodontal regeneration 4. Periodontal regeneration in the global treatment plan: timing and interactions 5. Generating a 3D clinical and radiological assessment of intrabony defect morphology 6. Critical evaluation of periodontal regenerative materials 7. Surgical instruments and materials 8. Tissue handling and suturing techniques 9. Papilla preservation flaps 10. Microsurgery 11. Minimally invasive surgery 12. Flap designs for multiple defects 13. Defect morphology and clinical objectives as key elements to select surgical flap design and materials

*Venue: Hotel Mediterraneo, Lungarno del Tempio 44  
(+39 055 660241)*

Day 2

9:00-13:00 - lunch - 14:30-18:30

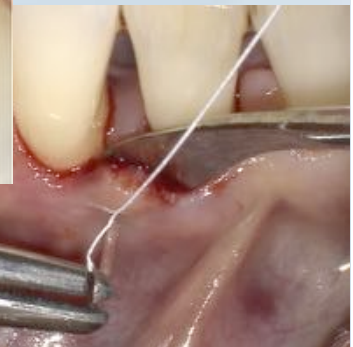

# Periodontal Regeneration

Friday, May 19

**Application of regeneration on patients.**  
*3D live surgery planning and discussion*

1. Planning and discussion of surgical cases
2. 3D live surgical demonstrations
3. Post-operative instructions and medications
4. Presentation and discussion of clinical flow-charts
5. General discussion

*Venue: Dr. Cortellini Office, Via Botta 16 (+39055 243950)*

Day 3

9:00–13:00 – Lunch –

# Periodontal Regeneration

Saturday, May 20

## Acquisition of the Practical Skills

*Hands-on surgical exercises on anatomical simulators*

1. Hands on in depth tutorial on surgical methods a. Modified papilla preservation flaps b. Simplified papilla preservation flaps c. Minimally invasive surgical techniques d. Single and multilayer internal mattress sutures e. Application of regenerative materials. 2. Discussion and conclusion of the course.

*Exercises will be performed on specifically designed silicone models with step by step supervision by the speakers. All instruments and materials will be provided (with the exception of 2.5–5x magnification device/loupe that participants should bring*

*Venue: Hotel Mediterraneo, Lungarno del Tempio 44 (+39 055 660241)*

*with them).*

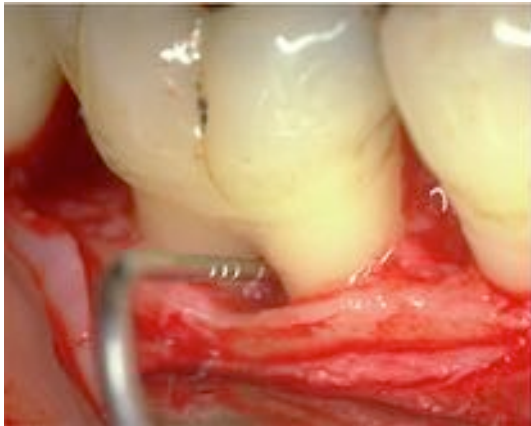

*Day 3  
continued*

*14:30-18:00*

# Periodontal Regeneration

Saturday, May 20

## Acquisition of state of the art competence

### **Furcation defects**

*Theory with video  
demonstrations and  
discussion*

1. Multi-rooted teeth: anatomy and diagnosis of furcation defects 2. Prognosis of furcated teeth 3. Clinical objectives, indications, limits and prognosis of periodontal regeneration 4. Critical evaluation of periodontal regenerative materials 5. The clinical problem: debridement of the furcation. Choice of Instruments and materials 6. Class II furcation in lower molars: the buccal / lingual flap and the coronally advanced flap 7. Buccal class II furcation in upper molars: the buccal flap and the coronally advanced flap 8. Mesial / distal class II furcation in upper molars: the papilla preservation flap and the minimally invasive surgery 9. Class II and III furcation associated to intrabony defects: the papilla preservation flap and the minimally invasive surgery 10. Long-term prognosis of regenerated teeth.

*Venue: Hotel Mediterraneo, Lungarno del Tempio 44  
(+39 055 660241)*

*Administration*

*Advanced  
Training Workshop*

# Periodontal Regeneration

May 18 – 20, 2017

**Cost of the course:**

€ 3.660 (including € 660 VAT: VAT is the Italian tax amounting 22%\*)

*(lunch, coffee breaks, use of simulators, use of instruments and materials for hands-on surgery are included)*

Registration Module for the  
“Advanced Practical Course on Periodontal Regeneration” TO-0417  
You can register online at [www.tangramodis.it/en](http://www.tangramodis.it/en) page “Activities”

Name \_\_\_\_\_ Family Name \_\_\_\_\_  
Address \_\_\_\_\_ City \_\_\_\_\_  
Postal code \_\_\_\_\_ Country \_\_\_\_\_  
Phone \_\_\_\_\_ Cell phone \_\_\_\_\_ Fax \_\_\_\_\_  
e-mail \_\_\_\_\_  
VAT or SSN # of payee or Tax Identification Number \_\_\_\_\_

**Payment:** the total fee of € 3.660 can be paid through

**Wire Transfer to:**

Tangram-Odis srl – Banco Popolare Società Cooperativa,  
Agenzia 1 – Viale Mazzini, Firenze c/c n° 382703,  
IBAN: IT82R0503402802000000382703  
SWIFT: BAPPIT21N26

**Credit Card:** Download the Credit Card Authorization form our website

*Please, fill the form in all its parts, enclose the wire transfer receipt and  
– mail to:*

Tangram - Odis srl  
Via C. Botta 16 - 50136 FIRENZE  
Italy

– or fax to: + 39 055 241021  
– or e-mail to: [corsi@tangramodis.it](mailto:corsi@tangramodis.it)

We are sorry not to be able to offer refunds or discounts for your cancellation of  
the course at any time after confirmation.

*\* EU Residents with a VAT registration in their own  
country could request to personally pay the VAT  
through the mechanism of the “reverse charge” (art.  
17 DPR 633/72).*
